## Profile

Results-driven Frontend Engineer with hands-on experience in React, HTML5, CSS3, and JavaScript. Adept at developing intuitive, responsive, and high-performance web interfaces. Known for delivering clean, maintainable code and working collaboratively to meet project goals and deadlines.

## Education

### Frontend Development Certificate

Marusoft Technologies Limited  
November 2023 - November 2024

- Specialized in modern frontend frameworks including React.js and Next.js
- Emphasized responsive design with HTML5, CSS3, JavaScript, and Tailwind CSS
- Collaborated on team projects simulating real-world development workflows

## Language

## Work Experience

**Frontend Developer**, Marusoft Technologies Limited

November 2024 - June-2025

- Developed responsive, accessible user interfaces using React.js, Next.js, HTML5, CSS3, and Tailwind CSS, ensuring cross-browser compatibility and optimal performance.
- Built and maintained reusable components and modular front-end architecture, improving code maintainability and accelerating development speed by 30%.
- Integrated RESTful APIs and managed state with React hooks and Context API, delivering dynamic, data-driven features that enhanced user engagement.
- Ensured high-quality, bug-free releases through thorough testing, code reviews, and adherence to modern front-end best practices.

## Projects

### Developer Portfolio – Personal Website [🔗](#)

April 2025 - June 2025

A responsive and modern personal portfolio built using **React**, **Next.js**, and **Tailwind CSS**. The website showcases my frontend development skills, featuring:

- Smooth scrolling and responsive UI across devices
- Clear sections for projects, skills, and contact
- Live project previews and direct links to GitHub
- Deployed with Vercel for optimal performance and uptime

Designed to reflect a clean and focused aesthetic that emphasizes content and usability. Built to serve as both a technical demo and professional presence online.

## Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS

Data Handling: JSON, XML

Web APIs: Fetch, Sessions, Cookies, Local Storage
